

City Hill Ideas Exhibition

How would you transform City Hill park to become an accessible, natural hub in the city centre?

City Hill park is over 4 hectares of open space in the heart of Canberra's City Centre. It is time to consider how City Hill park could be enhanced for residents and visitors alike.

From **13 Feb to 25 March 2024**, we will be asking for ideas on the future of City Hill park.

Students, community groups, local residents and businesses, and all members of the ACT community are invited to take part.

The City Hill 'Ideas Brief' will make it easy to draw or describe ideas.

The ideas will be displayed at a public exhibition. There will also be events such as the 'Discover City Hill Day'.
